

LONDON

London is the capital city of England. It has a 7,5 million population. London is the largest city in Europe.

London has many tourist attractions. Tower Bridge, Tower of London, Trafalgar Square and Madame Tussauds museum are some of them.

Tower Bridge is a suspension bridge on River Thames. It's near the Tower of London. The Tower of London is an ancient Norman castle. It stands on the bank of the River Thames. It was built by King William in 1078. The tower had many uses. Its main function was to protect the Norman during the years after the conquest. It was a prison. Today Crown jewels are kept there.

Trafalgar Square is a famous place in London. It is visited by many people. The square is the heart of London like Istanbul's Taksim.

Madame Tussauds is a wax museum. In Museum you can see a lot of celebrity waxfigures. like Michael Jackson, David Beckham etc. I have always wanted to go to London. It's my dream. I like this city and I like English football and I want to watch a match live in the stadium. If I improve my English and have a lot of money, my dream will become real.
